"Supplements" for the State Canvassers.

Our correspondent at Juneau sends us, this morning, the official count of the votes cast in the five towns and two wards, rejected by the Jefferson County Canvassers. A statement of these votes has been forwarded to the State Board, in the form of a "supplement" from Dodge county. That Board, however, has no authority to receive, or count these, or any other votes returned to them, *outside* of the regular County Canvasses. Nevertheless the Madison *Argus*, the "official State paper," intimates that the State Canvassers *will* receive and count this "supplement," if none other. We do not credit the story. The law is plain and explicit, on this point, and we have no idea that the Board of State Canvassers will disregard its positive enactments, and set up their own discretion and *dictum* instead.

The position of the Republican party, on this question, is well-settled and well-known. We hold that every vote legally cast in the State should be allowed to the person for whom it was cast; and if the votes of the Jefferson County, or any other towns, thrown out by the County Canvassers, for any mistake, or informality, would affect the result on any one, or *all* of the Candidates, such votes should be duly counted But this applies as well to the towns thrown out in Brown, Oconto, Wood, Pierce and other counties —giving, in the aggregate, some 75 or 100 Republican majority—as to the disputed towns and wards in Jefferson county. None of them can be counted by the State Board, but if any candidate on the State ticket is thereby deprived of his certificate of election, he can and ought to obtain redress, by applying to the Supreme Court.

According to the official figures which have reached us, we do not think that the rejected votes in Jefferson County, (or Dodge, as the case may be) will affect the result. We think that, *without* these, the Republicans have elected the Governor, Treasurer, and State Prison Commissioner, and that, *with* them, the result is the same—the Democrats carrying the rest of the State ticket. Yet, the vote is very close on one or two of the candidates, and as certified "supplements" have been prepared and forwarded by the Democrats, from the rejected towns in which *they* claim majorities, we urge our Republican friends in Oconto, Brown, Wood, Pierce, &c., to be equally on the alert and see that the votes of *their* rejected towns are also duly "certified" to the State Board.

KANSAS AFFAIRS.—Our despatch of yesterday has an account of an interview between the President and Gov. Walker. If reliable, and not to be contradicted to-morrow, it shows that Mr. Buchanan has thrown himself completely into the hands of the ultra-pro-slavery men, while Walker has the grace left to feel disposed to redeem some of his pledges to the Free State men. A collision between the factions of the Democracy seems inevitable. "Kansas-shrieking," although a work they are unused to, is begun by them in earnest.

THE LATE GALE.—The storm of last week, lasting for five days and nights, was one of unexampled severity around the lakes, and the coast is strewed with wrecks. We have heretofore mentioned many of the disasters, and to-day add another long list. In addition to high wind and a raging sea, the intensely cold weather, freezing the spray as it struck the rigging, and loading down the vessels with ice, so as to render them unmanageable, added unusual horrors to the gale, and hence we have to record the loss of many lives. It is feared that the crews of the *Kyle Spangler* and *Minnie Kinne*, thrown on the inhospitable Michigan shore, are frozen to death.—The insurance companies must be severe sufferers by the gale.

Marine Items—Disasters, &c.

We give such items as we have been able to gather here, and also condense the matter of numerous paragraphs in our exchanges received in the interval since our last issue:

The prop. *Bradbury*, arrived at this port day before yesterday, reports the bark *Oliver Lee*, ashore near Mackinac, as abandoned; about 3,500 bu. of oats saved from her. Schooner *Enterprise* was got off, and lies sunk at Mackinac, about 4,000 bushels of wheat saved. A fore and aft schooner was ashore near, and the *Salvor* had gone to her help. Met two propellers off the the Beavers, supposed to be the *Wenona* and *Quincy*; also a schooner, and the bark *Illinois*. The propeller *Alleghany* lay at the Manitous, waiting for better weather.

Schooner *Minnie Kinne* is ashore on the light house point at South Manitou—crew safe. Bark *Great West* and schooner *Kyle Spangler* are ashore a little below Sleeping Bear, and fears are entertained for the safety of their crews. The *Kyle Spangler* went by the Manitous with signals of distress flying. The *Great West* lay to her anchors three or four hours and finally went ashore. The *Minnie Kinne* dragged her big anchor ashore. They were so covered with ice as to be unmanageable. Fears are felt for the schooner *Racer* and another which were in company with those that went ashore." (The *Racer* is in Chicago).

The Captain of the *Bradbury* furnishes the above particulars.

By the Captain of the schr. *Rob't Campbell*, belonging to Mr. Gardner, of this city, we learn that his vessel is frozen in at Little Suamico, a brig at Oconto, and another at Little Sturgeon Point, and the steamer *Queen City* about twenty miles from Green Bay. The *R. Campbell* had a hard time around the opening of the bay, running for refuge from one sheltered point to another, and part of the time laying anchor in 12 fathoms water.

The propeller *Chicago* was expected hourly at the office of the Am. Trans. Co. She will doubtless bring interesting items of news.

The schr. *D. B. Stexton*, bound from Milwaukee to Buffalo, with grain, got into Goderich with loss of anchors and rigging covered with ice.

Schooner *Shickaluna*, from this port for Canada, is ashore six miles above Port Colbourne, with 6 feet of water in her hold.

Schooner *Susco*, from hence, is frozen in St. Clair Lake; the tug *Gore* tried to extricate her but failed.

The schooner *Atlas* is ashore about a mile below Bar Point, on Lake Erie. She was bound up from Cleveland, light.

Propeller *Neptune*, which had a hard time in Lake Erie, got safely into Buffalo.

Prop *Adriatic*, which was here on Tuesday, had tried to get to Green Bay, but was stopped by ice 20 miles from the city, and compelled to back out. The ice was strong enough to bear a team

A black fore-and-aft schooner went into Beaver Island Harbor, having lost her mainboom.

Steamer *Huron* lay at Grand Haven during the gale, and arrived safely at Chicago. She was to try for Green Bay on Thursday.

VESSELS LYING AT GRAND HAVEN.—The following vessels were lying at Grand Haven on Monday last:—Schrs. *Little Belle*, *Henry F. Seymour*, *Andromeda*, *Henderson*, *Mary*, *Big Z*, *Kitty Grant*, *Lizzie Thorp*, and prop. *Troy*.

VESSELS LAYING AT MUSKEGON—Nov 24.—Schrs *Chas. Sumner*, *E. M. Shoyer*, *Raleigh* and *Three Bells* There are three schooners frozen in up the lake whose names we did not learn.

VESSELS AT ST. JOSEPH.—Brig *St. Louis*, schrs. *Queen of the West*, *Enterprise*, *J. E. Sutherland*, *Experiment*, and sloop *Erie*.

Ashore south of St. Joseph: Schr. *Belle City*, of Racine; schr. *Col. Glover*, scow *Hirondelle*, (total loss) and sloop *Wave*. There were no lives lost on any of the above vessels. To the north, within 12 miles of that place, the schrs. *Triumph*, *A. Rand*, and *Antelope* are ashore.

The schooner *Lark* left Beaver Harbor Friday morning for Chicago. The schr. *Leader* was in the harbor bound for Buffalo.

The schr. *Agate* is ashore on Presque Isle.—She is on her beam ends,

There are two or three vessels ashore between the river and Point aux Barques,

The *Matt Root*, instead of sustaining a collision with some other craft, was disabled in the gale and by the action of the ice. Her bowsprit and fore topmast is gone, her jib torn in pieces, and her boat smashed. The *Wabash Valley* towed her to Bury's dock, on the Canada shore, above Newport.

The schooner *Nicaragua* is ashore above Port Huron.

The schooner *Wawrican*, of Buffalo, with a load of wheat, is ashore at Port Burwell.

BUFFALO, Nov. 25.

Last evening, during the gale, the schooner *Mazeppa* went on the breakwater here. She is now lightering off. The schooner *Europa* went ashore a few miles up the bay; bottom out. The schooner *Sanderson* is on the beach 15 miles up the south shore; not much damaged. The bark *David Morris* is ashore at Pt. Albino; full of water. They are all bound for this port.

PASSED THE FLATS.—The Detroit *Tribune* has the following:

Thursday, Nov. 19, Schooners C. N. Johnson, Circassian, George Worthington, Ostrich and John Webber, also brig Empire State, passed down, over St. Clair flats, and came to inside of Point Huron, weather bound. The 20th, Friday, no vessels passed over but a number were waiting for weather to get over. On the 21st, Saturday, schooners Wm. Sanderson, Fulton Et. Bates and Acontius, also barque David Morris passed over and all of the aforesaid vessels passed out and across lake St. Clair. On the 22d Sunday, Schooners Bradley, Adriatic, Wild Rover, Challenge, Marie F. Johnson, Lorenzo B. Sheppard, R. Hubbard, Freeman, Europa, and Adda, and John Weeden passed down; Torrent passed up. On the 23d the flats were blocked by Tugs Gore and Elliott, having three schooners aground at the Lower Elbow. On the 24th Tuesday, schooners York State, Star of the North, Midnight, Sasco, Arrow No. 1. Thos. Kingsford, Indian Queen and Moselle passed over, and schooner T. J. Bronson came to anchor at the upper end of the flats.

The Captain of the *Mat Root* reported at Detroit, a propellor ashore at Forty Mile Point. Did not know her name.

The schr. *Avenger* is also ashore a short distance above Pt. aux Barques.

Steamer *Forest Queen* found Saginaw river and the bay for 6 miles not frozen over.

The barque *Jesse Hoyt* was aground at the mouth of the river, inside the bar. The schooner W. H. Craig was lying at anchor further up the stream, with ice all around her, sufficiently thick to bear up a man.

Brig *Greyhound* went gallantly into Buffalo Harbor. The crew nearly exhausted. They had not eaten anything since leaving the Islands; the constant breaking of the seas over the vessel prevented keeping up fires, and the fierceness of the storm requiring constant vigilance, as well as almost freezing the men.

The schooner *Heligoland*, Capt. Ackerman, arrived off this port on Thursday last, loaded with wood, but owing to the wind off land she could not come in. She dropped anchor and lay until Friday, when she attempted to run in, but failed, running on the piles at the old pier, breaking her jib and starting her bowsprit. She succeeded in getting off without further injury, and again anchored, and lay until Saturday, when she ran in.—*Kenosha Tel.*

The brig *Sevastopol*, Capt. Blodget, of this port, is missing, and it is feared she is lost. She left Green Bay last week, for this place, and has not been heard from since.—Ib.

FROM CLEVELAND.—The steamer *May Queen*, Captain Viger, arrived from Cleveland at 4 o'clock yesterday morning, having left that place at 10 o'clock the morning previous. She was almost completely covered with ice, and had ploughed her way through ice for about thirty-five miles. Capt. V. informs us that the head of Lake Erie, for about fifteen miles out, is covered with a coat of ice about three inches thick, strong enough to bear the weight of a man.—*Det. Adv.* 26.

☞ The tug *Rescue* came down yesterday with the schooners *Hibbard* and *York State* in tow. She did not go to Goderich. Proceeded about ten miles into Lake Huron, and fell in with the schooner *Bronson*, and towed her into St. Clair River. Capt. Thorne went up by land to look after the tug *Uncle Ben*. The *Rescue* will tow the *Hibbard* and *York State* into Lake Erie to-day; when they will proceed to Buffalo. She will also tow all the vessels of the L. N. Co. in the upper part of the lake, down below the point. —*Ib.*

CITY MATTERS.

OUR BINDERY.

It is getting to be generally understood that we have attached to our office a Book Bindery, thoroughly fitted with the various implements, used in the trade, and furnished with workmen abundantly skilled in their use, while our stock of material is large, and carefully selected. Any orders for Book Binding, in styles to suit the taste of the customer, will be executed with dispatch, and at rates to suit the times. Blank Work, Checks, Ruling, and the various other work of a Bindery, can be done to order in the best style.

We particularly invite the attention of customers to a set of books which we have just completed, and which may seen at our Counting Room.

LAKE SHORE R. R.—CHANGE OF TIME.—See notice of a change of time on the Lake Shore R.R. Trains will leave here at 8:45 A. M. and 3 P. M. and arrive from the South at half past 12 at noon, and 7:35 at night.

POLICE COURT, Nov. 26.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

DRUNK AND DISORDERLY.—Wm. Eldridge, fined $3, Frederick Messmore, fined $5, Thomas Deuer, fined $8, and John Kelly fined same amount.

NOVEMBER 27TH.

DRUNK.—N. G. Kohl, fined $1, and Robert Thompson do.

RESISTING AN OFFICER.—A man named A. F. Zilk was fined $15 and costs for resisting an officer while doing his duty.

In the afternoon, the examination of the case of the Warnicke brothers, tavern keepers, charged with stealing the baggage of an emigrant, was in progress and will be continued to-day.

"MYSTERIOUS DISAPPEARANCE."—A tax-payer sends us an advertisement, offering a liberal reward for such information as shall lead to the recovery of the missing "City Loan." But that we are satisfied that it is *past* recovery—gone to that bourne whence no money returns—we would publish and invite attention to his notice. Perhaps, when it comes to paying the City Bonds hypothecated for this loan, the tax-payers will be favored with a bill of items. Till then, our City Officials will doubtless persist in their "expressive silence."

Attractive.

More than one thousand persons visited Albany Hall, Thursday afternoon and evening, for the purpose of seeing Bullard's Panorama of N. Y. city, there on exhibition. Thousands of our citizens will, no doubt, visit New York by this route during the few days it remains here.

The scene at the foot of Courtlandt street was so natural that we imagined ourselves ready to step upon the boat, and could almost hear the last tap of the bell, announcing its departure.—The effect was charming, as all the varied scenes of "Life in New York," drawn to life, passed before us and it required no great stretch of the imagination to feel ourselves once more mingling in the bustle and confusion of Broadway, or sauntering through the shady groves of the Battery, enjoying the delightful scenery of the Bay, and the balmy breezes from old mother Ocean

Many portions of the work are in the highest style of the art, and, as a whole, it is very creditable to the renowned and accomplished artist.

We say to every person, go by all means to see this Panorama, and our word for it you will never regret the time and money spent.

This work called out a large audience last evening. It will be remembered that it exhibits this afternoon at 3 o'clock and this evening, and remains here three days next week.

DOING THINGS UP RIGHT.—Messrs. KING, JERMAIN & Co., owners and proprietors of the *Sentinel* office, Milwaukee, have recently put in operation a book bindery in connection with that establishment. Being aware of the fact, and having a job—a town order book for Richfield—on hand which it was necessary to have completed within a certain time, we sent the blanks, by mail, to the *Sentinel* bindery, with orders to bind and return them as soon as possible. The package went in the mail from this place on Tuesday morning, and on the Thursday following returned to us by mail, bound in the very neatest and most durable manner. If that isn't "doing things up brown," them we don't know the meaning of the term.—*Washington Co. Democrat*, *Nov.* 28.

Thank you, sir. Send us another "order" and we will again endeavor to fill it to your entire satisfaction.

YOUNG THIEVES.—Yesterday afternoon four youngsters, all of whom were under 12 years of age, were arrested for stealing brass mouldings from the foundry of the M. & M. R. R., in the 4th ward. The youngest of the little rascals was not more than 7 years old. They had, we should think, nearly a hundred pounds of brass in their bags, and were about conveying it off when caught. All of them have parents living in the city, who, undoubtedly, are the ones to blame.—People should keep a close watch on the innumerable youngsters of both sexes, who prowl around the streets and alleys, with bags on their backs, who pretend to be picking chips, but in reality are always ready to "pick" almost anything that comes in their way.

A FALLEN PRIEST.—Yesterday an unfortunate looking individual, named N. G. Kohl, calling himself a Catholic Priest, was brought before the Police Justice and fined for drunkenness. He was arrested on Thursday evening, in the Second Ward, and kept in the lock up until yesterday morning. He was dressed in priestly attire, although the worse for wear, and carried in his pocket a prayer-book, cross, beads, &c. Before taken to the station house, he had been kicked out of two or three saloons for getting liquor and drinking it without paying for it.

WEATHER.—The Frost King let go his hold yesterday, and we had a mild day, with rain in the afternoon. The ice was nearly all out of the river below Walker's Point bridge in the afternoon, and a clear passage for some distance above. There is no difficulty in the way of getting in and out of port easily.

FIRST BAPTIST CHURCH.—Rev. Dr. Pyper will preach on Sunday morning (service commencing at the usual hour) the fifth of his series of discourses on the "Characteristics of the Times as seen from a Bible stand-point." Discourse tomorrow will be a continuation of last Sabbath's discussion on "Modern Spiritualism."

THE "ATLANTIC" FOR DECEMBER.—We are indebted to the publishers, Phillips, Sampson & Co., 13 Winter street, Boston, for an early copy of this new and promising candidate for public favor. The present number is an improvement on the first. It is beautifully printed, and the table of contents presents a literary feast of the best quality. We augur most favorably of its triumphant success. The subscription price is $3,00 a year, or 25 cents a number.

THANKSGIVING CONTRIBUTIONS.—The collection for the Orphan Asylum, taken at the Unitarian Church on Thursday, amounted to the liberal sum of $115. At St. Pauls, Episcopal, the sum was $55. The collection will be taken at the First Baptist Church to-morrow.

We have not heard the amount received at the other churches.

NUMBER THREE'S BALL.—The boys of Oregon Co. No. 3, with the aid and countenance of a crowd of their brother firemen and fellow citizens, gave their annual ball at the Republican House, Thanksgiving night. It was numerously attended, admirably arranged and heartily enjoyed.

THANKSGIVING DINNER.—The Walker House gave a capital dinner to their regular boarders and invited guests, on Thanksgiving Day. HASBROUCK & PIERCE, the clever landlords, did the honors with their accustomed suavity; while BLAKE excelled himself in his successful efforts to make every body feel at home and happy

MUSICAL SOCIETY.—The Milwaukee Musical Society give their 79th Concert for the members on Monday evening next, at Young's Hall. The programme will be found in our columns this morning.

The Society has in rehearsal the grand Opera of *Norma*, to be performed during the week.

☞ In our notice of the meeting of the Union Relief Society, the names of *Dr. Parker* and *J. P. Ilsley* should read Dr. PERKINS and J. P. ILSLEY.

"Panic Parties."

MR. SENTINEL:—We, the undersigned, injured females, claim our women's rights, and humbly ask your editorial protection. So gallant and chivalrous a General! will, we are sure, come to the rescue.

We are writhing under a second attack from your neighbor of the *Wisconsin*, whose ire we seem to have excited in a most extraordinary degree, by our efforts, in accordance with our well-known "self-sacrificing spirit," to get up a series of entertainments in conformity to the purses of the gentlemen in these hard times.

In his caustic, truthful and very amiable strictures, he seems disposed especially to condemn our mode of amusing ourselves. Dancing, music and chit-chat, (the accompaniments of parties), he argues, are frivolous employments, unworthy the attention of men whose minds have grappled all the week with thoughts of the "Almighty Dollar," and women whose souls have been expanded by the contemplation of the great subject of practical economy, in their efforts to solve the problem, how to make the ends meet. So he suggests, as a substitute, that highly moral, intellectual and elevating entertainment, the drama, as it exists in Milwaukee, or—lectures; not recollecting that for the season we are abundantly provided with the latter article, Mr. Caudle having a new and prolific topic. Being a pitiable bachelor, however, he cannot be supposed to know all about Caudle and his privileges.

But more than all—he brings monstrous and false assertions against us, representing our tastes as so gross and perverted that we offer "cold pork and sausages" for an entertainment! This unctuous slander we repel and deny altogether. He well knows we have never offered anything more substantial or expensive than grapes, (and I would remark here, in passing, that some persons think the season unfavorable, and therefore the grapes not so sweet as they might be); be this as it may, he knows that he has basely libeled us in representing grapes either as cold pork, or sausages.

Again, he charges us with adopting a peculiar and unbecoming costume for the occasion, and pictures us in plebian calico, presiding at our own entertainment (being obliged to dispense with the luxury of a servant) flitting about among the sausages—thereby suggesting such generally unpleasant and soiled associations as are shocking to the imagination.

Farther still, we have to deal with the courteous editor. He accuses us of closing at an early hour, for the sole purpose of saving time, for, says he, "Time is money." If the old adage were true, and time were literally money, under our present dispensation, with groanings, and reproaches, and homilies on extravagance, rung daily in our conjugal ears—not a woman's foot of us would be caught in even so harmless a place as the rendezvous of the O. C. C. V. Club. No! We would eschew all friendly intercourse, and keep within our shells, until our faces were as puckered, and our social feelings as cold and pinched, and withered, as the heart of the crusty bachelor of the *Wisconsin*.

WOOD'S HAIR RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. It's Restorative has passed through the ordeal of innumerable fashionable toilets, and the ladies, wherever they have tested it, pronounce it a peerless article. They find, where the hair is thinned, that it creates a fresh growth —that it fully restores the vegetative power of the roots on the diseased places, and causes the fibres to shoot forth anew—that it dissolves and removes dandruff, prevents grayness, restores the hair to its original color when grayness has actually supervened, gives a rich lustre, imparts the suppleness and flexibility of silk to the hair, and keeps it always luxuriant, healthy and in full vigor.—*N. Later from Europe—Arrival of the Africa.

NEW YORK, Nov. 27.

The steamer Africa arrived last night from Liverpool. Her dates are anticipated by the Vanderbilt. She brings nearly $850,000 in specie.

The official announcement allowing the exportation of grain and flour from France was followed in Paris by an advance of twelve per cent. on flour.

The Paris Bourse did not respond to the buoyancy of the English money market.

Fuller details of the Indian news show that the relief of Lucknow had been only partially accomplished. Havelock's position was considered critical.

The Emperor of France has written a letter to his minister of finance discussing the financial question. He is pained to see that the public credit is injured by chimerical fears, and by the propagation of *soi disant* remedies for an evil which exists only in the imagination, and begs that the Minister will deny peremptorily all absurd projects attributed to the Government, affirming that there is no country in Europe where public credit rests upon a more extensive and solid basis.

The letter had but little effect. The last monthly returns of the Bank of France shows a loss of twenty millions francs in specie.

The Austrian Minister of Finance purposes to meet the financial difficulty by the issue of treasury bills to the amount of 100,000,000 florins.

The decree abolishing serfdom in Russia, is to be published on the 17th of December. The legislative body is convoked for the 28th of November.

The Vienna money market is very heavy. The premium on gold has increased.

The steamer *Emeu*, has arrived at Suez with Melbourne dates to September 17th, and £640,-000 in gold. Gold advances very encouraging.

The steamers Lady Bird and Champion, collided at Cape Otway. The latter foundered and 40 lives were lost.

LIVERPOOL MARKETS.—Breadstuffs—Richardson, Spence & Co. report the market for breadstuffs depressed by the decree allowing the export of grain from France. Flour dull and offered at 6da1s decline since Tuesday. Western canal 26s27s, Ohio 29s, Philadelphia and Baltimore 27s29.

Wheat—prime steady, but other descriptions fully 2da3d lower. Red 6s3da7s6d, white 6s9da8s.

Corn—rather lower and dull. Mixed and yellow 36, white 40a41.

Provisions—Pork market and bacon all in very limited demand at rather low prices.

Lard—dull and lower, but prices entirely nominal.

Tallow—declined to 4s for butchers, but improving at the close.

WASHINGTON, Nov. 26.

The correspondent of the Daily Times says Gov. Walker had a long and friendly interview with the President to-day. They discussed Kansas affairs at length, especially in relation to the propriety of sustaining the action of the Constitutional Conventional in not referring the entire instrument to the people.

The distinguished gentlemen, though differing radically, parted friends, appointing another interview for the discussion of the same subject.—Some of their mutual friends hoped for the ultimate reconciliation of their views, but the hope is fallacious. Their differences are too radical for compromise.

Open hostilities are inevitable. The Governor's opposition to the Constitution is not founded on the Slavery clause, which is only partially submitted, but on the refusal of the Convention to permit a vote against as well as for the Constitution. He regards this as a violation of the Federal Constitution, of the Nebraska Kansas Bill, of popular sovereignty, and the rights of self government.

The President insists that as the Constitutional Convention was authorized by Congress, he is bound to sustain its action what

MILWAUKEE:

SATURDAY MORNING, NOV. 28.

The President on Kansas.

The regular telegraphic report for the Press, on the 25th inst., contained the following important item, under date of Washington, Nov. 24th:

The President, in conversation to-day with gentlemen on Kansas affairs, *stated unequivocally that he endorsed the action of the recent convention*. He stated a fact which is not generally known—that forty-three out of the fifty-three members of the convention signed the Constitution, and those who refused to sign it were ultra pro-slavery men.

Assuming this to be true, it commits the President, the Administration, and the "National Democratic" party, in favor of the *Bogus* Convention and Pro-Slavery Constitution, and *against* the People of Kansas. We are neither surprised, nor disappointed at this result. It is precisely what the Republican presses throughout the North confidently predicted, and the Sham Democratic organ, persistently denied, all through the last Presidential Campaign. The Administration is the mere tool, and the "National Democracy" the subservient allies, of the Slavery Propagandists.

Then and Now—A Difference.

JAMES MADISON, one of the fathers and founders of the Republic, speaking of the Constitution of the United States, said:

"We intend the Constitution to be THE GREAT CHARTER OF HUMAN LIBERTY to the unborn millions who shall enjoy its protection, and who *should never see that such an institution* as slavery was ever known in our midst."

JAMES BUCHANAN, the present President of the United States, and head of the Democratic party, says:

"SLAVERY EXISTS IN KANSAS UNDER THE CONSTITUTION."

The difference is wide as the poles. It is to the sentiments of Madison that the Republican party adheres, while the Sham Democratic party repudiates them.

SNUBBING THE NEWS.—The *News*, having some axe to grind, singled out, for special praise, Mr. H. C. HOBART, as the man whose powerful influence and herculean exertions had changed Calumet, this year, from Republican to Democratic. To this, the Sheboygan *Journal* thus strongly demurs;

The Milwaukee *News* of the 17th, in our humble opinion, travels *out of its road* to compliment Hon. H. C. HOBART, of Calumet, for the great political change in that county in one year. We believe this change has been wrought by the exertions of no one man, but by the all powerful influence of the "sober second thought" among the people. We concede to Mr. HOBART a warm and steadfast devotion to the Democratic cause and to Democratic principles. And we are as ready to concede a like devotion in *every* other working Democrats, as well in other localities as in Calumet. Drawing invidious distinctions between prominent Democrats is anything but fair or handsome in the *News*, and was certainly entirely uncalled for. Nor do we imagine that such a course is particularly calculated to make Democrats in good standing any more faithful to the democratic cause, or to add many new converts to that cause.

SENATORS FROM KANSAS.—The pro-slavery papers of Kansas are already exultant over their anticipated triumph in securing the two U. S. Senators from Kansas. They expect Congress to ratify the Constitution in December, Legislature to be elected under the iniquitous "apportionment" made by the Convention, and the two pro-slavery Senators to be in Washington and present their credentials before the 4th of March. So certain is it deemed that the respective aspirants are already canvassing the field.

SHAWNEE LANDS THROWN INTO MARKET.—By a treaty between the United States and the Shawnee Indians, the large and valuable tract of land owned by them in Kansas has been withheld from sale and pre-emption for more than a year, to allow these Indians time to make their selections. These selections have been made, and the Commissioner of the General Land Office, on Tuesday 17th, issued orders to the Surveyor General of Kansas, for the approval of surveys of townships situate west of the line, thirty miles west of the western boundary of Missouri, which will at once throw open for purchase and pre-emption one million and a half of acres of the choicest lands in Kansas. These lands lie just southwest of Quindaro.

GRAIN FOR EUROPE.—The New York *Journal of Commerce* publishes a list of the vessels which have loaded with grain, and have sailed, or will sail the present month, for Europe. The aggregate quantity of grain included in the statement is 1,500,000 bushels, of which say two-thirds is in bags, and the remainder in bulk. This is believed to be a larger amount than was ever shipped to foreign ports during so brief a time. Last year, in November, while the extraordinary shipments of grain were taking place, the number of grain vessels which left New York was but forty-one whereas it is calculated that not less than sixty-one will sail before the present month expires. Of the above amount 609,000 bushels is for Liverpool, and the balance for other ports.

☞ The "Colonel" Duncan, U. S. A., said to have gone in command of filibuster Walker's artillery, is merely a filibuster Colonel, not a Colonel in the Army of the U. S., as alleged by telegraph dispatch writers in the filibustering interest. Many years ago he was a Lieutenant in the army of the U. S., and more recently a civil employee of the Government about the new Custom House in New Orleans. He became somewhat notorious some years since for filibustering in Northern Mexico, in conjunction with Caravanal.

FLINT AND PERE MARQUETTE R. R.—The Saginaw, Mich. *Enterprise* states that this Company have succeeded in making a contract with a New York Company to build and equip the whole road; and to complete twenty miles of it by the 1st of December, 1858. Also that the work is to commence immediately; and not less than $5,000 per month to be expended upon it.

MORE TROOPS FOR UTAH.—Telegraphic dispatches from Washington of the date of Nov. 24th state that two columns of troops, one from Oregon and one from California, have been ordered to proceed to Utah, as soon as the necessary arrangements for subsistence and transportation can be made.

OHIO CANALS.—The Ohio papers are discussing the policy of selling the canals of that State, which do not pay their expenses. The Cleveland *Herald* thinks the only objection is the danger that they would fall into the hands of persons in competing thoroughfares of trade, who would draw off the water instanter and leave them grass grown and dismantle them forever.

JEFFERSON CO. TAXES.—The Watertown *Democrat* insists that the Jefferson County Board, being illegally organized, had no right to levy taxes, and declares that no attention will be paid to the levy in that quarter.

THE ADRIATIC.—This mammoth Collins steamer made bad work in getting out of her dock in New York. She ran against and almost sunk the tug Wm. H. Wood, knocked away part of the dock, smashed two of her life boats, and broke the flag staff of the *Baltic*.

☞ The Duchess of Nemours, wife of one of the sons of Louis Phillipe, now living in retirement at Claremont, London, died recently. She was a son in of Queen Victoria.

CRIME IN NEW YORK.—Last week in New York city presented a horrible record of crime, which is thus summed up by the *Herald* of Saturday, only in reference to the item of murder and murderous assaults:

Henry F. Hamilton, murdered in Canal st.
Francis Vincent, murdered in North William street.
McManus, murdered in Water st.
Wm. Marshall (colored), mortally wounded, corner of West Broadway and Canal sts.
John Fraser, mortally wounded on West Seventeenth st.
Richard Barrett, mortally wounded in Water street.
Susan Dempsey, mortally wounded in Water street.

Besides the above, John Burns was stabbed by three ruffians on Saturday night, and a woman named Thompson was also stabbed, so that her life was despaired of.

SOUTHERN WISCONSIN R. R.—Mr. McNair, the Agent of the S. W. R. R. at Brodhead, furnishes the Monroe *Sentinel* with the following statement of the shipments from that place in October and to Nov. 20th:

We shipped from this station during the month of October:

32,115	bushels	wheat.	
100	do	rye.	
60	do	oats.	
110	do	potatoes.	
375	barrels	flour.	
3	do	eggs.	

During the first twenty days of November:

23,617	bushels	wheat.	
578	do	oats.	
188	do	potatoes.	
303	barrels	flour.	
6,265	lbs	butter.	

COUNTERFEITERS ARRESTED.—At Cincinnati the officers have arrested a gang of men engaged in counterfeiting small coin, and found besides considerable quantities of base coin, all their apparatus, ready for making three cent pieces, half dimes, quarters, and half-dollars.

BANKS WHICH HAVE NOT SUSPENDED.—The N. Y. *Courier and Enquirer* remarks that the distinguishing feature between the suspension of 1857 and that of 1857 is, that the former was more general than the latter. In 1837 there were less than a dozen Banks that omitted specie payments; whereas now there are one hundred or more that have not suspended payment or have already resumed. Among these are seven-teen in Pennsylvania, viz: Bank of Pittsburgh; Honesdale Bank; Farmer's Bank, Bucks County; also all the Banks in New Orleans; the State Bank of Ohio, and all its branches; the Banks of Kentucky, and all their branches; Bank State of Indiana, and branches; the Banks of Illinois and Indiana; more than half of those in Missouri; one in New York city; three in Charleston, S. C., and all the Canada Banks.

And all the Wisconsin Banks but five, say sixty nine.

WINTER ON THE MISSISSIPPI.—The Prairie du Chien *Leader* of the 21st says;

Navigation is fairly suspended. On Thursday the *Alex. McGregor* made her last trip for the season; within sight of our office two steamboats lie frozen in, laid up for the winter, unless, indeed, a warm spell should come, and enable them to get into more comfortable quarters; while yesterday several persons crossed from Iowa on the ice—nature's bridge, which for the present unites us to our sister State.

DREADFUL RAILROAD ACCIDENT.—On last Thursday the 19th inst., Mrs. Ann Phenix was instantly killed on the R. R. in this town, while crossing the bridge over Delavan Creek, west of the village. She was on the way to visit her daughter, Mrs. McNeil, and attempted to cross the bridge, 40 feet long, on foot. The wind was strong in the West and the snow made the ties slippery. She had stooped down and was creeping over, when the engineer, whose train was going west and behind her, first saw her in this situation, and, through the frost and snow, mistook her for some animal, till too near to check his speed. It was a freight train going about 15 miles an hour. She evidently did not hear the cars nor the whistle, as her head was covered with a thick hood, and she was facing a strong wind and the sound was behind her. Just before the engine reached her she rose up and was stepping along carefully. The engineer could neither stop the train nor alarm her before she was caught up by the cow catcher and thrown off and instantly killed. The body was but little mangled, and the engineer returned as soon as possible and took it up. No blame is attached to him by the public, nor the friends of the deceased, though the accident has spread gloom over our village.

Mrs. Phenix was nearly sixty years old. She was the widow of Henry Phenix. He and his brother Samuel F. were the first settlers of Delavan. Mr. Phenix lived here six years, and died 16 years ago. There are six of their children living—five daughters and one son.

Deceased was a woman of great energy and industry, and much esteemed as a worthy member of society, which makes this accident more deeply felt.

A coroner's inquest was held, but all the evidence corroborated what is above stated, and the verdict was accidental death.—*Walworth Co. Republican (Delavan,) Nov. 25.*

SOUTHERN WISCONSIN RAILROAD.—We are informed by friend Graham, of this town, that the track-layers are now putting down the switches and side tracks at Juda, and towards the latter part of this week will commence moving westward towards Monroe. One of the Messrs. Graham is personally superintending the work; and doing all that man can do to hasten its progress. Stockholders and citizens along the line of this road are very much indebted to the Bank of Monroe, for the aid it has rendered and is now rendering, to secure the completion of our road. It has furnished money to carry on the work when no other Bank in the State would loan a penny—a fact that must not be forgotten when the cars shall rumble into town.—*Monroe Sent.*

ATTACHMENT.—On Friday of last week, John Frost, Esq., sued out an attachment in the Court of Bonaparte for the body of the Mississippi, and by Sunday morning the business of the Upper River and its tributaries was closed. The plaintiff has not yet taken a full account of stock, but several hundred tons of ice are already secured for the benefit of creditors. The witnesses to this transaction are the steamer Alhambra, just above Prairie du Chien, the Flora just below, and the Minnesota off the head of the South Island, nearly opposite McGregor. The last named witness made desperate efforts on Friday evening and night to avoid the service of process, but on Saturday morning it was evident she was locked up beyond hope of escape. When the case comes up for trial in the spring, we rather think the situation of these witnesses will be embarrassing.—*McGregor Times, Nov. 24.*

☞ On Monday last, the mail stages started for St. Paul and intermediate points, carrying a large number of passengers and 39 mail Bags, containing about 2 tons of Mail Matter. A large number of travellers are now stopping at the various hotels, waiting for teams to convey them to various points on the river. Most exorbitant prices are charged by the teamsters; we heard of one instance where 25 dollars was asked and paid for a passage to La Crosse.—*P. du Chien Courier, 24th.*

ACCIDENT AT TWO RIVERS.—On Friday last a boy, aged 16, employed in the Chair Factory at Two Rivers, in attempting to adjust a belt in the factory, was caught between it and the shaft, and before he could be extricated, was mangled and torn in a most shocking manner. He lived until Sunday morning when he expired, in great agony. We could not learn his name.—*Manitowoc Tribune.*

FOUR CHILDREN BURNED TO DEATH.—The Cleveland *Plaindealer* states that the dwelling of Wm. Quinn, near Alliance, was burned on the evening of the 10th inst., and his four children—the eldest but seven years of age—perished in the flames. The father and mother were absent, and the children had been locked in. The fire was caused by playing with matches.

Correspondence of the N. Y. Tribune.

FROM BOSTON.

BOSTON, Nov. 24, '57.

The city is filled with rumors to-day relative to certain money transactions of Samuel Lawrence of the firm of Lawrence, Stone & Co. which are styled, variously, defalcations, breaches of trust, and so on. Mr. Lawrence is the head of the above named firm, and also the Treasurer of the Bay State and Pemberton Mills at Lawrence, and the Middlesex Mills at Lowell. The most authentic account of the affair that I am able to obtain, is that the firm of Lawrence, Stone & Co., before the financial pressure commenced, borrowed money from various sources to carry on their business, giving their notes on demand. When the pinch came, Mr. Lawrence used the notes and acceptances of the mills for which he was agent, to pay the money thus borrowed. The amount of this, seems to be that the stockholders of the mills have, by the act of their Treasurer, been made to pay the debts of the firm of which he was the head, but with which they had nothing to do. I don't think it will be necessary to invent any new and milder name for this offence than either of those which are now applied to it.

Another story is that Mr. Lawrence has used the money for purposes of private speculation.

The amount of money thus misdirected—there, I think that is as mild a name as the transaction will bear, a misdirection—amounts to $580,000, divided in this way among the different corporations: Bay State Mills, $225,000; Middlesex, $280,000; Pemberton, $75,000.

Mr. Lawrence is the youngest of the Simeon Lawrence family, and the only surviving member, at least of the male branch—his brothers, Luther, William, Abbott and Amos, being all dead. He commenced his business career as agent of the Middlesex woolen mills at Lowell, and for many years gave his personal attention to the details of the business. Some years ago he removed to Boston. The transaction in which he has now been engaged, whatever may turn out to be its precise character, is likely to be a "blot in the scutcheon" of a family hitherto celebrated for commercial honor and probity.

Affairs in India.

The following telegram was recived this morning, Nov. 11, at the Foreign Office, Delhi, which fell into our hands on the 20th Sept., was entirely occupied on the 21st, and the whole of the enemy expelled. In the assault of the 14th, 61 officers and 178 men—being one-third of the storming force—killed and wounded. Gen. Nicholson died of his wounds on the 21st. The old King, said to be 70 years of age, surrendered to Capt. Hodgson and his cavalry, about fifteen miles south of Delhi. He was accompanied by his chief wife. Their lives were spared.

Two of his sons and a grandson, also captured by Capt. Hodgson about five miles from Delhi, were shot on the spot, and their bodies brought to the city and exposed at the police office.—Two movable columns were dispatched from Delhi on the 23d, in pursuit of the enemy. By accounts from Agra, one column appears to have reached the neighborhood of Allighur, and the other that of Muttra on the 25th of September. Gen. Havelock, with 2,500 men crossed the Ganges from Cawepore, Sept. 19, and relieved Lucknow Residency on the 25th, just as it was ready to be blown up by its besiegers. On the 26th the enemy's entrenchments were stormed, and on the 29th a large part of the city was taken—150 killed and wounded.

Gen. Neill killed.

There has been a slight rising of the rebels near Nassack in the Bombay Presidency, in the suppression of which Lieut. Henry of the police was killed.

Madras troops defeated the mutineers of the 52d, near Kompilee, and killed 150.

A native of Ricci and a Sepuy having been convicted of treason, were blown away from the guns at Bombay, on the 15th Oct.

Predatory tribes in the Punjaub, between Moultan and Lahore, have given some trouble lately, and the disturbance seems to have been suppressed.

Dispatch of the India House.

ALEXANDRIA, Nov. 5, 1857.

Delhi was entirely in our possession Sept 20. The King and Queen were captured on the 21st by Lieut. Hodgson.

Two of the princes sons were killed.

The mutineers have gone towards Kholeund and Muttra, and some to Oude, being followed by our troops.

Mr. Greathead, Commissioner of Delhi, died Sept 19 of cholera, and Gen. Nicholson on the 23d, of wounds received in the assault. Lucknow was relieved Sept 25. Our loss was severe—about 600 killed and wounded. Gen. Neill among the killed. The relief just in time, the enemy having advanced their mines, which would have placed the garrison at their mercy. The Malavia country is in a disturbed state. Bhopawar has been burnt. Forces are moving toward Mhow. All is quiet in Scinde, but the state of the frontier is not satisfactory.

The Academy of Music was crowded last night to overflowing with an immense and enthusiastic assembly of citizens, to ratify the nomination of Daniel F. Tiemann for Mayor. Wm. F. Havemeyer, presided. Speeches were made by Mr. Havemeyer, Hon. Robert J. Dillon, Hon. John McKeon, U. S. District Attorney; D. E. Sickles, Erastus Brooks, of the Express; Hon. James E. Cooley, and members of the different parties.

Three burglars last night broke into the U. S. Bonded Warehouse in Greenwich street, near Beach. The police pursued the thieves, and officer Riede shot one before he would surrender. The two accomplices escaped. The rascals had 200 gold and silver watches secured all ready to bag.

The workingmen, yesterday, assembled in the Park and Tompkins Square, and resolved to ask work of the Central Park Commissioners. A deputation waited on the Board in session, but no notice was taken of it. The office was strongly guarded by policemen, to prevent an outbreak.

GENERAL HAVELOCK.—At a meeting of the Hibernian Bible Society, held in Belfast lately, the Rev. Mr. Graham, of Soon, mentioned this fact: He had to tell them that General Havelock, who is now so distinguished in India, although a Baptist, was a member of his (Mr. Graham's) mission ary church at Soon, and his wife and daughter were members of it seven years. He could also narrate an anecdote regarding the good Captain, which he had heard from the lips of Lady Havelock. When Gen Havelock, as colonel of his regiment, was travelling through India, he always took with him a Bethel tent, in which to preach the Gospel, and when Sunday came in India, he usually hoisted the Bethel flag, and invited all men to come and hear the Gospel; in fact, he even baptised some. He was reported for this at head quarters, for acting in a non-military and disorderly manner, and the Commander-in-Chief, Gen. Lord Gough, entertained the charge, but with the true spirit of a generous military man, he caused the state of Colonel Havelock's regiment to be examined. He caused the reports of the moral state of the various regiments to be read for some time back, and he found that Col nel Havelock's stood at the top of the list—there was less drunkenness, less flogging, less imprisonment than any other. When that was done, the Commander in Chief said: "Go and tell Colonel Havelock, with my compliments, to baptize the whole army!"

A WAG NONPLUSSED.—The Chautauque *Democrat* tells the following anecdote of BUCKLEY, the well known and popular ticket agent of the N. Y. & E and Buffalo and Lake Shore Railroads, at Dunkirk, who is the acknowledged wag of Chautauque county, and rarely ever meets his match in a war of wit, generally coming out victor with flying colors. But the other day his position was taken and he was entirely demolished (involuntarily) by an Irish woman, in his wise. Buckley, who is a fine looking man of about fifty years of age, was standing in the ticket office as the train for the west was about to depart, when up came an Irish woman, in the last stages of grief, whining and lamenting.

"Now, what's the matter, madam," said Buckley—"surely there's no necessity of raising such a rumpus in the Depot."

"But I—(boo hoo)—but I want to go till Milwaukee-a-a-ky."

"Well, madam, go right along to Milwaukee, there's no one to hinder you," said Buckley.

"But I've niver a cent to take *them* there; said she.

"*Them!* Who?" said Buckley.

"The five childer," said the woman. "Would yez take care of them?" screamed she.

"Take care of them!" shouted Buckley; "no madam—no, madam—*I'm* not their father!"

"No, sur," said she, subsiding into a whine, "no sur, you're not their fa-a-ther. Their fa-a-ther (boo hoo) was—(boo hoo)—their fa-a-ther was a *decent man*—boo boo—boo boo."

WHO STONED STEPHEN?—The Buffalo Democrat narrates this good story of one of the miniature-men, vulgarly called children:

A teacher in a Sunday School, in R——, was examining a class of little boys from a Scripture catechism. The first question asked, was,

"Who stoned Stephen?"

Ans. "The Jews."

Second question. "Where did they stone him?"

Ans. "Beyond the limits of the city."

The third question, Why did they take him beyond the limits of the city, was not in the book, and proved a poser to the whole class; it passed from head to foot, without an answer being attempted. At length a little fellow, who had been scratching his head all the while, looked up and said:

"Well, I don't know, unless it was to get a fair fling at him."

LESSONS IN
Foreign Languages.
MR. AND MRS. L. S. R. DE CRETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their hours being arranged with that view.
Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Carey furnishing books of the best French authors. Those too wishing to learn can obtain either of those languages, will find a competent music teacher in the establishment.
